### 2. Mandate

#### 2.1 Accreditation

In accordance with the GANHRI Statute, the SCA has been established to review and analyse applications for accreditation from NHRIs.

The SCA makes recommendations to the GANHRI Bureau, which has the authority to make final decisions on accreditation.

## **2.2 General Observations**

The SCA may develop General Observations to explain the meaning and practical application of the Paris Principles.

General Observations should:

- promote a clear understanding of the Paris Principles and their application to decisions on accreditation, re-accreditation or special review;
- assist NHRIs in developing their own practices and procedures in compliance with the Paris Principles; and
- facilitate NHRI advocacy with their domestic governments to address issues relating to Paris Principles compliance.

Where an NHRI falls substantially short of the standards articulated in the General Observations, the SCA may determine that the NHRI is not or is no longer compliant with the Paris Principles.

General Observations must be approved by the GANHRI Bureau.

## **3 Composition**

### **3.1 Members**

For the purpose of ensuring a fair balance of regional representation on the SCA, it shall be composed of one (1) NHRI accredited with 'A' status from each of the four (4) Regional Networks recognized in Article 31 of the GANHRI Statute. Members may be accompanied by a support person.

Members are appointed by Regional Networks for a renewable term of at least three (3) years.

Regional Networks shall also appoint an alternate member to participate where a member is unavailable to attend a session, is under review during a session, has identified a conflict of interest pursuant to section 4.7 of these Rules, or is under notice of intention to downgrade its status pursuant to section 4.8 of these Rules. The replacement by the alternate member is for the whole SCA session.

Members are nominated by Regional Networks and participate as impartial, objective and independent experts. They must make decisions based on an objective assessment of an applicant's compliance with the Paris Principles and the General Observations, and without consideration of national or regional interests.

Any SCA member-elect or alternate member can attend one SCA session as an observer in order to learn about the procedures in practice in advance of serving on the SCA. On the basis of a reasoned request and upon approval of the members of the SCA, this observation period may be extended as appropriate.

### **3.2 SCA Chairperson**

SCA members shall select a member to serve as Chairperson for a one (1) year term, renewable twice.

The SCA Chairperson shall:

- authorise the agenda for sessions;
- preside over meetings;
- consult with members on issues arising between sessions;
- report to the GANHRI Bureau and General Meetings; and
- authorise all communications from the SCA, whether issued by the Secretariat or the Chair. The Secretariat shall assume responsibility for regular communications.

The Chair shall rotate between each of the four (4) Regional Networks recognized in Article 31 of the GANHRI Statute. If an SCA member declines to accept the role of SCA Chairperson, or is no longer able to continue in this role, the Chair shall pass to the member from the region next in rotation. The order of rotation is Africa, Asia Pacific Americas, and Europe.

## **4 Meeting Requirements**

### **4.1 Frequency**

The SCA meets twice a year in Geneva.

### **4.2 Additional meetings**

With the agreement of the GANHRI Chairperson and SCA members, the SCA Chairperson may convene additional meetings.

Four (4) members constitute a quorum, except in the circumstance outlined in the following paragraphs.

A member may remove themselves from deliberations where they have a real or perceived conflict of interest pursuant to section 4.7 of these Rules. In this case, a quorum shall be three (3) members, unless an alternate member appointed by the Regional Network participates in the SCA session.

Where a member is, in exceptional circumstances, unable to attend whole or part of the session and no alternate member is attending, a quorum shall be three (3) members.

#### **4.5 Voting**

Each member shall have one (1) vote.

SCA decisions should be taken by consensus wherever possible. Where consensus is not possible, decisions may be made by a vote in favour of three (3) members. Where a vote is tied and further deliberation is unlikely to result in a decision, the SCA Chairperson will have a casting vote.

Decisions on an accreditation recommendation to the GANHRI Bureau are the sole responsibility of members of the SCA.

#### **4.6 Confidentiality**

All participants at SCA meetings are required to respect the confidentiality of the proceedings.

#### **4.7 Conflicts of interest**

A member is expected to remove themselves from deliberation where they have a real or perceived conflict of interest.

Where an NHRI under review feels that a member has a real or perceived conflict of interest, they shall inform the Secretariat of this in writing at latest twenty-one (21) days before the SCA session. The Secretariat shall forward the correspondence to the GANHRI Chairperson.

The final decision on whether a real or perceived conflict of interest exists shall rest with the GANHRI Bureau. It shall decide at the latest seven (7) days before the SCA session.

A member may not attend the entirety of the session where the accreditation of their NHRI will be considered. In such cases, the alternate member appointed by the Regional Network shall attend the entire session.

#### **4.8 Member under notice of intention to downgrade status**

### **5.1 OHCHR**

OHCHR shall be a permanent observer to the SCA and shall serve as its Secretariat.

In its capacity as Secretariat, OHCHR shall support the SCA's work, serve as a focal point for all communications, prepare a summary of all accreditation applications, and maintain records as appropriate on behalf of the GANHRI Chairperson.

## **6 Applying for Accreditation**

### **6.1 Submission of information**

- a copy of the legislation or other instrument by which it is established and empowered in its official or published format;
- an outline of its organizational structure, including staff complement;

Applicants should provide documentation in its official or published form (for example, published laws and published annual reports) and not secondary analytical documents.

Where an annual or other report is not available in one of the four (4) GANHRI languages, an applicant must provide a summary of the report and a certified translation of the sections of the report on which the applicant seeks to rely in their Statement of Compliance.

Original materials should be submitted to support or substantiate assertions made in the Statement of Compliance so that these assertions can be validated or confirmed by the SCA. No assertion will be accepted without material to support it.

Documents must be submitted in English, French or Spanish in electronic form.

## **6.2 Failure to submit full documentation**

Failure to submit the required documentation will result in the rejection of the application. In addition to the mandatory documents specified in section 6.1 of these Rules, applicants are expected to provide all documents relevant to their application. Failure to do so may affect the recommendation on the accreditation status of the NHRI as the SCA will make assessments on the basis of the documentation provided.

## **6.3 Applications by more than one NHRI in a UN Member State**

Should more than one NHRI from a UN Member State seek accreditation by the GANHRI, the conditions precedent for consideration of the application are the following:

- i. Written consent of the Government of the UN Member State.
- ii. Written agreement between all concerned national human rights institutions on the rights and duties as a GANHRI member including the exercise of the one voting and the one speaking right. This agreement shall also include arrangements for participation in the international human rights system, including the Human Rights Council and the Treaty Bodies.

Where a question arises as to whether:

- i. an institution is an NHRI, or
- ii. an institution in transition will be considered a new institution or a continuation of the previously-accredited institution, the matter will be put to the SCA for determination at the beginning of its next session.

It is the responsibility of the applicant to ensure that correspondence and application materials have been received by the GANHRI Secretariat.

## **6.6 Failure to comply with deadlines**

Applications and documents submitted after the deadline will only be examined during a subsequent session unless the SCA Chairperson, in consultation with the GANHRI Secretariat, determines otherwise.

Provided at least six (6) months notice has been given to the NHRI, if an NHRI fails to submit an application for re-accreditation within the required time, its accreditation status may be suspended or may lapse in accordance with Article 19 of the GANHRI Statute.

## **6.7 Submissions from third parties**

A third party may submit information relevant to the accreditation status of an NHRI.

Third party submissions must be received by the Secretariat by the following dates:

- for NHRIs being reviewed at the SCA's first session of a given calendar year, on or before **October 1** of the preceding calendar year; and

## **7 Summary of Applications and Related Information**

The Secretariat will provide a summary of all information relevant to the accreditation of the applicant, including the applicant's documentation and other information contained in the reports, recommendations or observations of international human rights mechanisms.

The summary will be provided to the applicant in advance of its distribution to SCA members. Applicants will have one (1) week to review and correct any factual errors in the summary.

The summary and any corrections from the applicant will be provided to SCA members prior to the SCA session.

## **8 Assessing Applications**

### **8.1 General**

The SCA assesses an applicant's compliance with the Paris Principles in both law and practice. In doing so, it considers whether:

- the applicant's legal base is compliant with the Paris Principles; and
- an applicant's actions demonstrate that it is effectively fulfilling its mandate to promote and protect human rights.

To undertake this assessment, the SCA shall review:

- the NHRI's enabling legislation and any other relevant laws, rules or regulations;

- any relevant policies and procedures;
- the NHRI's organizational structure, including staff complement and annual budget;
- a current annual report and other reports;
- the concluding recommendations / observations of international human rights mechanisms, including the Universal Periodic Review, UN Treaty Bodies and Special Procedures;
- credible third party reports, including from civil society; and
- other relevant documentation, as required.

## **8.2 Form of assessment**

For reasons of equity, administrative efficiency and cost effectiveness, the SCA assesses accreditation applications based on written applications and a teleconference interview only.

## **8.3 Consideration of issues raised in previous accreditation reviews**

In considering an application for re-accreditation, the SCA will also assess what action an NHRI has taken to address concerns raised at the NHRI's previous accreditation review.

If there is insufficient evidence to show that an NHRI has taken reasonable steps to address past concerns, or has failed to offer a reasonable explanation why previous concerns have not been addressed, the SCA may, depending on the seriousness of the issues previously raised, interpret such lack of progress as an indication of non-compliance with the Paris Principles.

## **8.4 Applications from NHRIs in volatile contexts**

The context in which an NHRI operates may be so volatile that the NHRI cannot be reasonably expected to be in full conformity with all the provisions of the Paris Principles. When formulating its recommendation on the accreditation status in such cases, the Sub-Committee will give due consideration to factors such as:

- political instability;
- conflict or unrest;
- lack of state infrastructure, including excessive dependency on donor funding; and

- the NHRI's execution of its mandate in practice.

### **8.5 Policy guidance from the GANHRI Bureau**

When, in the view of the SCA, the accreditation of a particular applicant cannot be determined fairly or reasonably without further examination of an issue for which no policy has been articulated, it shall refer that matter directly to the GANHRI Bureau for guidance.

An ultimate decision as to accreditation can only be taken once the GANHRI Bureau provides that guidance.

## **9 Recommendations on Accreditation**

On completing a review of an application for accreditation or re-accreditation, the SCA shall make a recommendation to the GANHRI Bureau. In coming to a final decision on accreditation, the GANHRI Bureau considers the SCA recommendation in accordance with the process set out in Article 12 of the GANHRI Statute.

## **10 Accreditation Classifications**

The accreditation classifications are:

A: Fully compliant with the Paris Principles; and

B: Partially compliant with the Paris Principles.

## **11 Decision to Initiate a Special Review**

In accordance with Article 16.2 of the GANHRI Statute, the SCA has the authority to initiate a review of the accreditation status of an NHRI where it is of the view that the circumstances of the NHRI have changed in such a way as to affect its ongoing compliance with the Paris Principles.

A decision of the SCA to initiate a special review is not a recommendation to the GANHRI Bureau and is not subject to challenge. Upon completion of a review undertaken in accordance with Article 16.2, the SCA shall make a recommendation to the GANHRI Bureau on the accreditation status of the NHRI.

## **12 Deferral of an Application for Accreditation**

### **12.1 Decision by the SCA**

The SCA may decide to defer an application for accreditation or re-accreditation rather than make a decision on status.

A decision of the SCA to defer an application is not a recommendation to the GANHRI Bureau and is not subject to challenge.

### **12.2 Request by an applicant**

An applicant may request the deferral of its re-accreditation review by writing to the SCA Chairperson and providing reasons justifying the proposed deferral.

The SCA Chairperson may grant a deferral only if written justifications for the deferral have been provided and these are, in the SCA Chairperson's view, compelling and exceptional / reasonable in the circumstances.

The SCA may recommend suspension of the accreditation status of an NHRI if an application for re-accreditation is not received in accordance with Article 19 of the GANHRI Statute.

The SCA may recommend the lapsing of the accreditation status of an NHRI if an application for re-accreditation is not received within one (1) year of a suspension, in accordance with Article 20 of the GANHRI Statute.

## **13 Additional Roles for Members**

Each member shall present a report to the annual meeting of their Regional Network. This report shall include, as appropriate, information about accreditation, including a description of the process, requirements and timelines, as well as previous accreditation reports, developments in General Observations and other trends.

## **14 Additional Procedures**

The SCA, in consultation with the Secretariat, may establish such additional procedures as are deemed necessary and relevant for its work.

## **15 Status of this Document**

The English version of this document is the original and shall prevail to the extent of any inconsistency.
